

Rod Bolts for John Deere® 350 Series Power-Tech Engines

NR114083
for rods marked
R123959 and
R114081

Length is 64.5 mm (*)

NR501124
for rods marked
R500000 and
R500335

Length is 60.00 mm (*)

Some of the Power-Tech rods are not marked; therefore the bolt length will determine which bolt is utilized. Also, when ordering an overhaul kit for a Power-Tech (turbocharger) engine, verify the piston pin diameter.

(*) Bolt length is measured from under the head of the bolt to the end of the bolt.
